

What is a Life Plan Community?

Ohio Living Breckenridge Village is a life plan community; that means our campus was designed to provide residents with the varying levels of care they may need as they continue to age in place. Our community isn't one size fits all - we have options to meet your needs both now and in the future, however that unfolds.

Independent Living

Our independent living ranches, brownstones, and apartment homes allow you to fill your calendar with activities and social events, instead of home maintenance and upkeep. Your choice of one-, two- and three-bedroom floor plans include maintenance of the home and furnished appliances, 24-hour emergency systems, transportation to community outings and all of our community amenities.

Independent living residents also benefit from having first access to additional levels of care, including home health and hospice, when they are needed.

Assisted Living

For those who need some assistance with their activities of daily living, such as handling personal care needs, preparing meals and doing laundry, assisted living offers customized care plans in a comfortable, home-like setting.

Skyview Studios

The Skyview Studios at the Nason Center provide the ideal solution for those who need some help with daily activities, such as dressing, and medication reminders.

Garden Level Special Care Studios

Our Garden Level Studios are designed to provide a home-like environment to diminish anxiety and lessen confusion for those with early memory loss.

Long-Term Nursing Care

Those who need 24-hour personal and medical care receive customized services from our nursing team.

Short-Term Rehabilitation

Rehabilitation after a hospital stay offers regular nursing care and an elite therapy team to create your personalized recovery plan.
