

# THE COMPASSION COLLECTIVE

*A support group for those caring for someone living with dementia*

**Third Tuesday Each Month | Social 5:30 p.m. | Discussion 6 to 7 p.m.**

As a caregiver, it can feel challenging to find the care and support you need to be at your best. Join our Compassion Collective, where caregivers share resources, insight, advice, and encouragement to empower each other.

After some relaxed social time to connect, share, and unwind, you'll learn helpful tips and techniques for caregiving, along with approaches that have worked for others in similar situations. You'll also have an opportunity to talk about your personal caregiving experiences and share advice with others.
