

What is a Life Plan Community?

Ohio Living Llanfair is a life plan community; that means our campus was designed to provide residents with the varying levels of care they may need as they continue to age in place. Our community isn't one size fits all – we have options to meet your needs both now and in the future, however that unfolds.

Independent Living

Our independent living apartment homes allow you to fill your calendar with activities and social events, instead of home maintenance and upkeep. Your choice of one- and two-bedroom floor plans include furnished appliances, 24-hour emergency systems, transportation to community outings and all of our community amenities.

Independent living residents also benefit from having first access to additional levels of care, including home health and hospice, when they are needed.

Belwood

Enjoy a patio or balcony, in-home washer/dryer and underground parking. Utilities included.

Larchwood

One- and two-bedroom floor plans includes meals, housekeeping and utilities.

Assisted Living

Assisted living at Ohio Living Llanfair provides the care and support residents need to thrive. Assistance is available for activities of daily living, such as handling personal care needs, preparing meals and doing laundry. Care plans are customized for each resident's individual needs and preferences, and care is provided in a comfortable, home-like setting.

Long-Term Nursing Care

Those who need 24-hour personal and medical care receive customized services from our nursing team.

Grove Memory Care

Our memory care program is designed to provide a home-like environment to diminish anxiety and lessen confusion for those with early memory loss.

Short-Term Rehabilitation

Rehabilitation after a hospital stay offers regular nursing care and an elite therapy team to create your personalized recovery plan.
