Ohio Living Vineyard on Catawba Resident Newsletter | May 2019

## ***April Showers Bring May Flowers...***

Our beautiful campus is really taking shape this spring. The renewed growth along with bursting colors of the trees, lawns and landscapes is wonderful to watch and enjoy. I hope you are able to get out, enjoy some fresh air, sunshine and neighbors while taking in the beauty of our community.

May is shaping up to be very busy month. We will see a lot of landscaping, lawn work and hopefully some new condo construction as well. Once construction begins, please do not walk onto the building site.

I hope you had a chance to enjoy our annual Lenten services. Overall attendance was down this year and your Spiritual Life committee would like to hear some thoughts from you on why you think more people did not attend and what could be done to attract more people. Please share your thoughts/suggestions with Dave Huffman, Pat Gates, Marlene Carpenter, Sarah Tighe, Dennis Smith, Sherrie or Paul in the office.

Looking ahead, we have the annual spider spraying scheduled for Wednesday June 5 and the annual window washing is scheduled to start on Monday June 10.

As we transition through spring, please be mindful of the **15 MPH speed limit** here on the Vineyard Campus and remind any visitors you may have of the speed limit as well. Safety is important to all.

For your safety and your neighbors, please let us know in the office if you plan to be away from the community for more than 24hrs. When we know you are away from your home, we can keep an eye on things. Also, in the event of an emergency, we would not be putting emergency personnel or anyone else in harm's way searching for you.

If you are interested in volunteering some time on one of our many committees that help provide great programs for Vineyard residents, occasionally answering phones in the office, or just spending some time visiting with other residents that would enjoy your company, please inquire at the office regarding volunteer opportunities.

***Blessings for the Spring Season!***

# RECIPE OF THE MONTH FOR MAY 2019

## A GREEK RECIPE

FROM

VERA IOANNOU

FOR

## FASOLAKIA OR GREEN BEAN STEW

1 POUND OF GREEN BEANS

3 POTATOES (CUT IN PIECES)

1 LARGE ONION (DICED)

3 TOMATOES (DICED)

1/4 TO 1/2 CUP OF OLIVE OIL

SALT AND PEPPER TO TASTE

*In medium sized pot cook onions on medium heat in olive oil until translucent. Add potatoes browning slightly; stir in green beans and tomatoes. Lower heat and cook until potatoes are soft.*

*Add 1/4 to 1/2 cup of water, or 1/2 of a 14 ounce can of diced tomatoes, if tomatoes are not juicy enough. Add salt and pepper. Stir in a bit more olive oil and cook on low heat for 5 more minutes.*

*Let sit for 10 to 15 minutes before serving.*

*Vera has lived in Greece and this was the very first Greek dish that she learned to cook. She learned this dish from her landlady, Milo. I don't know about you, but I can't wait to see what other Greek dishes she can cook!*

*\*\* Also, this would be a great dish to cook up from the Community Garden and the Herb Garden this summer - we always have green beans, and tomatoes! Maybe onions!*

## PUZZLE OF THE MONTH

Often we are covered with wisdom and wit, and oft with a cloth where the dinner guests sit; in beauty around you and over your head, we are countless, though numbered when bound to be read.

## MOTHER'S DAY

While the Mother's Day that we celebrate on the second Sunday in May is a fairly recent development, the basic idea goes back to ancient mythology—to the long ago civilizations of the Greeks and Romans.

The Greeks paid annual homage to Cybele, the mother figure of their gods, and the Romans dedicated an annual spring festival to the mother of their gods.

### **Mothering Sunday**

In 16th-century England, a celebration called "Mothering Sunday" was inaugurated—a Sunday set aside for visiting one's mother. The eldest son or daughter would bring a "mothering cake," which would be cut and shared by the entire family. Family reunions were the order of the day, with sons and daughters assuming all household duties and preparing a special dinner in honor of their mother. Sometime during the day the mother would attend special church services with her family.

### **Anna M. Jarvis**

After her mother died in 1905, Miss Anna Jarvis wished to memorialize her life and started campaigning for a national day to honor all mothers.

Her mother, known as "Mother Jarvis," was a young Appalachian homemaker and lifelong activist who had organized "Mother's Work Days" to save the lives of those dying from polluted water. During the Civil War, Mother Jarvis had also organized women's brigades, encouraging women to help without regard for which side their men had chosen. At the time, there were many special days for men, but none for women.

On May 10, 1908, a Mother's Day service was held at a church in Grafton, West Virginia, where Anna's mother had taught. Thus was born the idea that the second Sunday in May be set aside to honor all mothers, dead or alive.

### **Mother's Day**

In 1914, President Woodrow Wilson signed a bill designating the second Sunday in May as a legal holiday to be called "Mother's Day"—dedicated "to the best mother in the world, your mother."

For the first few years, the day was observed as a legal holiday, but in absolute simplicity and reverence—church services were held in honor of all mothers, living and dead.

## MEMORIAL DAY

*Memorial Day is a poignant reminder of the tenacity of life.  
We post the flag on this day; know your American flag rules.*

On June 22, 1942, Congress passed a joint resolution, later amended on December 22, 1942, that encompassed what has come to be known as the U.S. Flag Code. Here are highlights:

Perhaps the most important rule involves how citizens should behave around the Stars and Stripes: The flag of the United States is the emblem of our identity as a separate nation, which the United States of America has been for more than 200 years. Therefore, citizens should stand at attention and salute when their flag is passing in a parade or being hoisted or lowered.

## HOW TO PROPERLY DISPLAY THE FLAG

- The custom is to display the flag only from sunrise to sunset on flagstaves in the open, but it may be displayed at night upon special occasions to produce a patriotic effect.
- When the flag is hung vertically on a wall, window, or door, the union (blue field) should be to the observer's left. When the flag is hung horizontally against a wall, the union should also be to the observer's left.
- The flag should be hoisted briskly and lowered ceremoniously.
- It should not be displayed on days when the weather is inclement, unless an all-weather flag is used.
- In a procession, the flag is to the right of another flag or, if in a line of other flags, in front of the center of that line.
- The flag should not be displayed on a float except from a staff, nor draped over the hood, top, sides, or back of a vehicle.
- When the flag is displayed on a vehicle, the staff should be fixed firmly to the chassis.
- No other flag should be placed above the flag of the United States or, if on the same level, to its right.
- The United Nations flag may not be displayed above or in a position of superior prominence to the United States flag except at United Nations Headquarters.
- The flag displayed with another against a wall, from crossed staffs, should be on the right (the flag's own right), and its staff should be in front of the other staff.
- It should be at the center and the highest point when displayed with a group of state flags.
- When flags of states, cities, etc., are flown on the same halyard, the United States flag should be at the peak.
- When flags of two or more nations are displayed, they are to be flown from separate staffs of the same height, and the flag of the United States should be hoisted first and lowered last.
- When displayed from a staff projecting from a building, the union (blue field at upper inner corner) should be at the peak of the staff.
- When it is displayed otherwise than by being flown from a staff, it should be displayed flat, whether indoors or out; or so suspended that its folds fall as freely as though the flag were staffed.
- When displayed over a street, it should be suspended vertically with the union to the north in an east and west street, or to the east in a north and south street.
- On a platform, it should be above and behind the speaker, with the union uppermost and to the observer's left.
- When displayed from a staff in a church or auditorium, the flag should occupy the position of honor and be placed at the speaker's right as he faces the audience.
- When flown at half-staff, the flag should be first hoisted to the peak for an instant and then lowered to half-staff position. It should again be raised to the peak before it is lowered for the day. Half-staff is one-half the distance between the top and bottom of the staff.
- When the flag is used to cover a casket, the union should be at the head and over the left shoulder.

## Tax-Free Gifts From Your IRA

If you are 70½ years old or older, you can make a tax-free gift from your traditional individual retirement account (IRA) directly to Ohio Living. This law no longer has an expiration date, so you are free to make annual gifts to qualified charitable organizations this year and well into the future.

### How it Works

- You must be 70½ years old or older at the time of your gift.
- You may transfer any amount up to \$100,000 directly from your IRA to a qualified charitable organization like Ohio Living.
- If you have not yet taken your required minimum distribution, your IRA charitable rollover gift can satisfy all or part of that requirement.
- The transfer is not considered to be taxable income; therefore it does not generate an income tax deduction, so you benefit even if you don't itemize your tax deductions.

### Make an Impact Today

By transferring money from your IRA, you can help others while helping yourself.

### We Can Help
